

Parents can't resist their own child's art, come to life in a box of note cards

**Put Digital
Print-on-Demand
Technology
to work for you!**

In the past, full-color, professional print required hefty up-front fees and large quantity press runs. Now, digital technology has changed all that.

Digital print has all but eliminated the need for large, expensive press runs and inconvenient storage dilemmas. With print-on-demand, you can now print one or one thousand at affordable prices. Full color, high resolution, professional quality printed pieces, not color copies.

How it Works

We supply each participant with a My Art Card designer sheet on which to draw his or her design.

The creation process can easily be integrated into classroom study. World events, civic or religious study, holiday or multi-cultural celebrations, etc., provide many opportunities to incorporate the process into routine lesson plans.

On the reverse is a simple order form.

The order form is on the reverse side of the designer sheet. Students take home their design and order form in a resealable bag that we provide. Parents then determine if, and how many boxes they would like to order. Parents are asked to make checks payable to your organization.

Students return the My Art Cards designer sheet/order form & payment.

We supply tally sheets to make it easy to reconcile all orders. Once orders are consolidated—deposit all checks into your account. Only then do you write a check to us for your order.

Your fundraising proceeds will be available to you immediately.

Your order for My Art Cards will be shipped to you within three weeks.
